TRANSMITTAL LETTER

Although it is Applicants' opinion that the claims filed by way of amendment are substantially embraced in the statement of invention or in the claims originally filed, Applicants herewith file a Supplemental Declaration for precautionary purposes under 37 CFR 1.67.

The Supplemental Declaration also corrects an oversight in the provisional application priority claim which inadvertently did not include a checkmark in the priority claim box. Priority, however, was claimed in the original specification and the Transmittal Letter, and is correctly reflected in the Official Filing Receipt.

Respectfully submitted,
